Grant Opportunities

EDA

FY 2020 EDA Public Works and Economic Adjustment Assistance Programs including CARES Act Funding provides economically distressed communities and regions with comprehensive and flexible resources to address a wide variety of economic needs. Projects funded by these programs will support work in Opportunity Zones and will support the mission of the Department by, among other things, leading to the creation and retention of jobs and increased private investment, advancing innovation, enhancing the manufacturing capacities of regions, providing workforce development opportunities, and growing ecosystems that attract foreign direct investment. Other Resources

Forecast, supports artists, partners, and communities throughout the entire process of creating public art that advances justice, health, and human dignity. They partner with decision-makers and stakeholders on arts and cultural planning efforts, and support public artists with funding, training, and opportunities to create partnerships and advance their public art careers. They also help others find, select, curate, fund, and commission public artists. Forecast emphasizes access for artists of color, indigenous artists, and groups that are traditionally excluded. Public Libraries and Smart Communities

CTG University at Albany in partnership with the American Library Association (ALA)'s Center for the Future of Libraries - aims at better understanding how public libraries can advance their role as community anchors in smart city initiatives by contributing to the community's understanding of and participation.
