Did You Know?

The Go Texan, mark is at the heart of the Go Texan campaign. All of TDA's Go Texan promotional materials, print advertisements and media campaigns promote the program's awareness and remind buyers that when they want to experience what Texas has to offer they should look for the Go Texan mark. Using the Go Texan mark on your own company's labels, brochures, website and other marketing materials puts the power of the state's strongest agricultural marketing campaign to work for you.
