Other Resources

TxCDBG 2022 Programs

TDA staff are putting the final touches on the first application opportunities for 2022. The Downtown Revitalization Program, Colonia Fund: Construction Program, and Fire Ambulance and Service Truck (FAST) Fund applications will be released in the coming weeks. Included in each of these applications is the following policy:

TDA recommends conducting one public hearing per year to address current needs and identify potential future funding opportunities. For all TxCDBG grant applications for Program Year 2022 funding, a public hearing conducted on or after January 1, 2022, will be accepted unless the hearing notice limited the topic of discussion to specific funding categories.

TDA encourages applicants to schedule their hearings now if you are considering applying for TxCDBG funding in 2022! Several grant applications include points awarded for applicants that conducted their public hearing early in the process, allowing ample time to consider public concerns and needs when selecting a project for the TxCDBG application(s).

Funding Opportunities

EDA Tourism Grant Co-Op Program

Travel Texas, part of the Office of the Governor, has partnered with Proof Advertising to develop a new EDA Tourism Grant Co-Op program to encourage recovery within the leisure and hospitality sectors. The new EDA Tourism Co-Op program is open to non-profits and destination marketing organizations at no cost. Cooperative (co-op) opportunities are open to industry partners interested in participating in shared advertising activities. No matching funds are required from localities.
