Discover Central Texas

In early 2022, DDCT worked with consultant RGVision and representatives from cities, EDCs, and Chambers across our seven counties to develop a "Discover Central Texas" tourism website and social media promoting events, shopping and dining locations, arts and entertainment, outdoors recreation, and historical sites in each of our cities for tourists outside Central Texas. Cities that contact DDCT with a designated person to manage their city page on the site can upload events and listings to be marketed in and out of the region!
