Bartlett

Fast Facts:

- **Population:** 1,633
- **Total Area:** 1.22 square miles
- **Median Household Income:** \$52,496

Population and Demographics

Bartlett had a population density of 1,338.52 per square mile at the 2020 decennial census. The racial makeup of the city was 35.76% White, 51.38% Hispanic or Latino of any race, 9.43% African American, 0.18% Native American, 0% from other races, and 2.69% from two or more races.

Location

Bartlett is a city in Bell and Williamson counties in Texas. Bartlett lies in two counties as well as two metropolitan areas. The Bell County portion of the city is part of the Killeen–Temple–Fort Hood Metropolitan Statistical Area, while the Williamson County portion is part of the Austin–Round Rock Metropolitan Statistical Area. Bartlett is 27 minutes from the Georgetown, TX Municipal Airport and 53 minutes from the Austin-Bergstrom International Airport. The city is also 44 minutes away from Fort Hood army base. Bartlett is also centrally located around some of the fastest growing cities in Texas. Take an easy drive to Belton, Georgetown, Hutto, Jarrell, Round Rock, Salado, Taylor, Temple, or even Waco. Bartlett regularly attracts weekenders, day trippers, and professionals, with interest in photography, history, and architecture to name a few. Bartlett has also become a national and international visitors spot for T.V. and Film fans of Fear the Walking Dead, Texas Chainsaw films, and Revolution. The picturesque olde historic town is undergoing a revitalization and is sure to become a destination location for small business start-ups, entrepreneurs, artisans, professionals and residents looking for modern conveniences within a small town atmosphere.

Community Profiles

Bartlett

Fast Facts:

Economic Assets

Known for its late nineteenth and early twentieth century architecture, Bartlett was the site for the filming of movies including *The Stars Fell on Henrietta* and *The Newton Boys*, as well as the NBC television drama *Revolution*. Bartlett is situated between the Williamson and Bell County lines-both counties that include major employers like Dell Inc., St David's hospital, Scott & White Healthcare, US Veterans Affairs and Healthcare system, Airborn Inc., and more. Popular educational institutions nearby include Mary-Hardin Baylor University, Southwestern University, and satellite campuses for Texas A&M and Texas State Universities. Other major campuses include Austin Community College, and Temple College.

The Bartlett Historic District, listed on the National Register of Historic Places, stands as a cohesive group of early 1900's commercial buildings and reflects the town's prosperity achieved during the early 20th century as a cotton shipping center in central Texas.

Nearly 90 percent of the buildings in the district are historically significant. Many of the buildings are in fair condition and few have been significantly altered. The main street is remarkably intact and includes the core of the city's past and present commercial activities. Bartlett is known as "The best little town in Texas."

Bartlett has a Municipal Development District (MDD) which works with public and private entities to make Bartlett a better place to live and work and is able to acquire and develop property.

The largest industries in Bartlett are construction, services except public administration, health care and social assistance, administrative, support, and waste management services, and educational services. 26.2% of the labor force are in service occupations, 22.1% are in natural resources, construction, and maintenance occupations, and 18.5% in management, business, science, and arts occupations.

7.6% of the population has a bachelor's degree or higher.

Community Profiles

Belton

Fast Facts:

- **Population:** 23,054
- **Total Area:** 21.14 square miles
- **Median Household Income:** \$51,490

Population and Demographics

Belton had a population density of 1,090.54 per square mile at the 2020 census. The racial makeup of the city was 54.3% White, 30.71% Hispanic or Latino, 8.35% African American, 0.33% Native American, 1.64% Asian, 0.12% Pacific Islander, 0.36% from other races, and 4.21% from two or more races.

Location

Belton is the county seat of Bell County. It is situated at the junction of I-35 and I-14, about 62 miles northeast of Austin in central Bell County, and 21 miles from Fort Hood. It is part of the Killeen–Temple–Fort Hood Metropolitan Statistical Area.

Economic Assets

Belton is home to many large employers across various industries, including University of Mary Hardin-Baylor, Cedar Crest Hospital and Clinic, Hill Country Transit District, Central Texas Council of Governments, Baylor Scott and White, and different construction and distribution companies. The logistics sector is well represented in Belton, with approximately 350 jobs in various warehouse/ distribution and transportation operations. Belton's central location in Texas off IH-14 and IH-35 offers direct access to the Mexico border and connecting all the way to the Great Lakes and Canada, providing a strategic advantage for logistics and distribution companies. Belton's Business Park is strategically located along IH-14 and Loop 121, just a

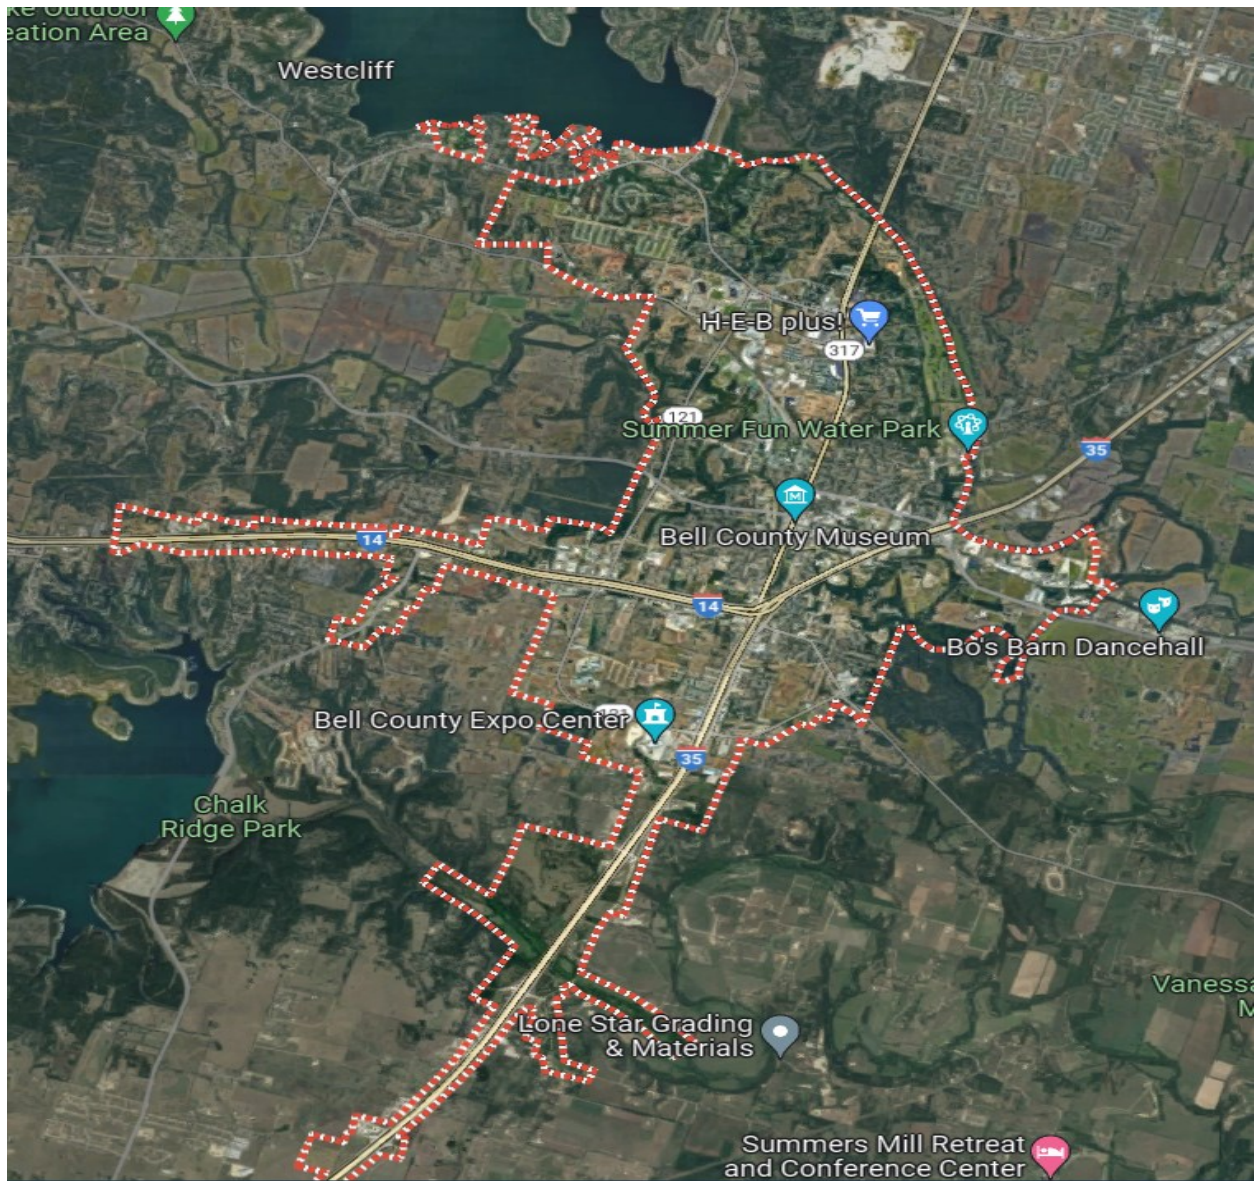

couple of miles west of I-35, providing quick and easy access to major transportation corridors in the state. The I-14 corridor provides a national strategic link to numerous major military bases and major Gulf Coast and Atlantic ports used for overseas deployments in six states from Texas. This is first-class 200-acre planned development offering shovel-ready sites for companies looking at building and/or build-to-suit options. Belton has a variety of Industrial Parks with leases available and some acreage available-Belton Industrial Park, Highway Industrial Park, South Loop Industrial Park. The manufacturing industry is one of the largest sectors in Belton, with well over 1,200 primary jobs. The majority of Belton's manufacturing companies are located in the industrial and business parks. Local manufactures produce a wide variety of goods ranging from metal products and machinery to roofing materials and manufactured homes. Historic downtown Belton is a hub for the retail and commercial industry, offering a unique shopping experience with events throughout the year. The professional, scientific, and technical services sector in Belton employs more than 300 professionals and fulfills local, national, and worldwide contracts in both the government and private sectors.

The largest industries in Belton are health care and social assistance, educational services, retail trade , and construction. Belton has a 64.5% labor force participation rate. 34.8% of the labor force works in management, business, science, and arts occupations, 22.6% service occupations, and 21.8% sales and office occupations.

Belton has census tracts that are designated Opportunity Zones. The Opportunity Zone Program was created as part of the 2017 Tax Cuts and Jobs Act, designating low income, high unemployment, low population density census tracts as zones where investors may invest funds through Opportunity Zone Funds for capital gains tax abatements. Belton also has census tracts that are designated Texas Enterprise Zones, a program that designates census tracts with a poverty rate of 20% or more or are economically distressed communities as Enterprise Zones, allowing cities and localities within the Zone to nominate businesses for sales use and tax credits based on the level of investment in a project in the community.

28.4% of the population has a bachelor's degree or higher.

The area has a variety of parks, fun splash pads, and over 8 miles of walking trails that weave through the community. Both lakes and Nolan Creek offer outdoor and recreational activities for everyone to enjoy.

Cameron

Fast Facts

- **Population:** 5,306
- **Total Area:** 4.2 square miles
- **Median Household Income:** \$50,629

Population and Demographics

Cameron had a population density of 1,263.33 per square mile at the 2020 census. The racial makeup of the city was 42.07% White, 36.09% Hispanic or Latino, 18.43% African American, 0.17% Native American, 0.38% Asian, 0.17% from other races, and 1.85% from two or more races.

Location

Cameron is the county seat of Milam County. It is situated at the junction of U.S. Highways 77 and 190, about 71 miles northeast of Austin in north-central Milam County.

Economic Assets

Cameron is in the center of more than 22 million Texans living in the golden triangle. Approximately two-and-a-half hours from Dallas/Fort Worth, San Antonio, Houston, and Austin, Cameron is an ideal location for businesses with customers in all three major markets and points in between. "We believe our geography is our competitive advantage. Businesses consider Cameron for our location but stay here for the people and community," says Cameron Industrial Foundation Executive Director Ginger Watkins. Headquartered in Cameron, EBCO General Contractor builds for numerous industries throughout the nation. John Egger, President & CEO said, "EBCO General Contractor chose Cameron as its headquarters for the strong sense of community and values here. We also chose Cameron for its central location to all major Texas markets. Cameron works for EBCO General Contractor." Manufacturing thrives in Cameron with companies like Butler Weldments—a manufacturer of

fabricated and machined metals; and, Charlotte Pipe & Foundry, a North Carolina-based company.

Deeply rooted in agriculture-Cameron is home to Livestock Nutrition Center—a custom feed blending company; 44 Farms—Texas’s largest producer of Black Angus beef genetics; and, Ideal Poultry, the largest supplier of backyard poultry in the nation. 44 Farms President, Bob McClaren is passionate about Cameron. “Cameron is a community that is ideal for entrepreneurs and businesses that are growth-oriented and are ready to seize the moment.” Cameron and the surrounding areas are growing.

Yet, it is one of the most affordable areas in Texas in terms of land, labor and operating costs. More importantly, the people in this community know how to work hard and possess grit and determination that is inspiring. The area abounds with vibrant young people with drive and intellectual firepower unlike few areas in the US.

The primary industries in Cameron are health care and social assistance, educational services, agriculture, forestry, fishing and hunting, and retail. Cameron has a 56.3% labor force participation rate. 38.9% of the labor force is in management, business, science, and arts occupations, 18.4% in natural resources, construction, and maintenance occupations, 16.1% in sales and office occupations, and 14% in production, transportation, and material moving occupations.

Cameron has census tracts designated as Opportunity and Enterprise Zones.

12.2% of the population has a bachelor’s degree or higher.

Cameron is also a certified Film Friendly Community, a designation through the Texas Film Commission. Certified communities have attended a Film Friendly Texas training workshop, have submitted photo coverage of potential filming locations for inclusion in the Texas Film Commission location database and have passed filming guidelines approved by the Commission.

Community Profiles

Copperas Cove

Fast Facts

- **Population:** 36,670
- **Total Area:** 18 square miles
- **Median Household Income:** \$59,441

Population and Demographics

Copperas Cove had a population density of 2,037.22 per square mile at the 2020 census. The racial makeup of the city was 54.45% White, 19.86% Hispanics or Latinos, 17.54% African American, 0.47% Native American, 2.78% Asian, 0.7% from other races, and 7.74% from two or more races.

Location

Copperas Cove is a city located in central Texas at the southern corner of Coryell County with smaller portions in Lampasas and Bell Counties. Today the city is the largest in Coryell County. It is part of the Killeen-Temple-Fort Hood Metropolitan Statistical Area. Copperas Cove is located in the Limestone Cut Plains of central Texas, within an agglomeration of hills situated between the Lampasas River and Cowhouse Creek valleys, known as the "Five Hills" area. Local people usually refer to the town as just "Cove".

Economic Assets

Founded in 1879, Copperas Cove is a small ranching and farming community. The city's economy is closely linked to nearby Fort Hood. Copperas Cove has a suburban cityscape typical among American small towns developed in the post-World War II era. The majority of commercial activity occurs along the main thoroughfare, US Highway 190. Since most of Copperas Cove has been built after 1950, the extent of the town's walkable, historic downtown is considerably smaller than nearby, less-populated communities, such as Lampasas or Gatesville. Most residential neighborhoods are low-density, single-family homes. Because of changing economic conditions in recent decades, intensive farming and ranching has largely left the area, making land fairly cheap to develop. After a brief slowdown of development during the 1980s, new

Community Profiles

Copperas Cove

Fast Facts

subdivisions resumed expansion into the surrounding countryside.

Copperas Cove has a low-cost of living (82% of the national average), affordable housing, high quality schools, and state-of-the-art medical care. Copperas Cove is close to many options for medical care, whether you are a civilian or a veteran, there are three major hospitals within the vicinity:

- Carl R. Darnall Army Medical Center – 8.5 miles away, which mainly services military and their dependents, but is also a state designated trauma center;
- Advent Healthcare System – 7 miles on I-14 E
- Seton Medical Center Harker Heights – 16 miles on I-14 E.

Nearby Universities include the University of Mary Hardin-Baylor and Central Texas College.

Copperas Cove is a “labor rich” community, drawing skilled and high-tech labor from the 500+ military soldiers exiting from Fort Hood each month, as well as Central Texas College and Texas A&M University Central Texas graduates. Copperas Cove Economic Development Corporation (CCEDC) works closely with the Small Business Development Center, which can provide counselors to businesses to help with business plans, marketing plans, formation of corporations, mission statements and more. The Copperas Cove Economic Development Corporation (CCEDC) can offer incentives to companies considering expansion or relocation to Copperas Cove, Texas. CCEDC incentives are based on job creation and capital investment and are primarily intended for light manufacturing and industrial development, and warehousing and distribution centers. However, they are not limited to only those types of projects. CCEDC can offer land grants, improve infrastructure and build-to-suit projects. There may even be performance-based cash incentives considered for additional uses. The CCEDC owns the Narrows Business and Technology Park which can be used as an incentive as granted land or discounted land, depending on performance measures and or conditions agreed upon during negotiations. CCEDC has an Incentive Fund that can be used for development assistance and can offer development fees and waivers for permitting in coordination the CCEDC incentives. Tax Abatements are available from the City of Copperas Cove and Coryell County for new improvements to real property. Available commercial properties can be found [here](#).

Nestled in the northern section of Copperas Cove’s thriving new development area, just off US Highway 190, the CC Business and Professional Park is immediately adjacent to both the upscale 5 Hills shopping center and to Cinergy Cinemas cinema eatery/laser tag/arcade entertainment complex. The Park’s 25-acre site has the assets—configurable acreage, fully funded water and sewer infrastructure and ample military-grade internet bandwidth—to accommodate and enhance any business.

The primary industries in Copperas Cove are health care and social assistance, retail trade, public administration, and then educational services. Copperas Cove has a labor force participation rate of 64.5%. 32.8% of the labor force work in management, business, science, and arts occupations, 24.6% in sales and office occupations, and 20.7% in service occupations.

Fort Hood

Fast Facts

- **Population:** 57,444
- **Total Area:** 332.05 square miles
- **Median Household Income:** \$48,240.66

Population and Demographics

Fort Hood had a population density of 173 per square mile at the 2020 census. The racial makeup of the Census Designated Place (CDP) and Census County Divisions (CCD) was 47.62% White, 24.27% Hispanics or Latinos of any race 16% African American, 0.64% Native American, 3.63% Asian, 1.25% Pacific Islander, 0.41% from other races, and 6.18% from two or more races.

Location

Fort Hood is a U.S. military post located in Killeen, Texas. The post is named after Confederate General John Bell Hood who is best known for commanding the Texas Brigade against the U.S. Army during the American Civil War. It is located halfway between Austin and Waco, about 60 miles (97 km) from each, within the U.S. state of Texas. Fort Hood is an installation of the United States Army.

Its origin was the need for wide-open space to test and train with World War II tank destroyers. The War Department announced the location in January 1942, and the initial completion was set for that August. As originally constructed, Fort Hood had an area of 218,823 acres (88,555 ha), making it one of the largest military bases in the world by area, with billeting for 6,007 officers and 82,610 enlisted personnel. Fort Hood is the most populous U.S. military installation in the world. The main business area is in Bell County, with the training countryside area of the post in Coryell County. In 2021, Fort Hood had 37,515 assigned soldiers and 5,632 civilian and 12,227 contract employees with Fort Hood.

Community Profiles

Fort Hood

Fast Facts

Economic Assets

The Texas Comptroller of Public Accounts analyzed the economic impact of Fort Hood on the Texas economy at the request of the Texas Military Preparedness Commission (TMPC). The Comptroller estimates that population directly affiliated with Fort Hood contributed at least \$28.89 billion to the Texas economy in 2021, with 160,933 direct and indirect jobs created. The Killeen-Fort Hood Regional Airport is a joint use facility that is shared between Fort Hood and Killeen servicing both the military and commercial flights. There is potential for a joint civilian/military rail/truck facility at the northwest railhead at Fort Hood to transfer rail shipments to and from the region for military and commercial use, as there are currently 7,000 rail loadings in the region (4,000 into the region and 3,000 originating from it).

Residents of Fort Hood primarily work in the following industries outside of the U.S military- Educational services, health care and social assistance, arts, entertainment, recreation, and accommodation and food services, public administration, and retail.

The average labor force participation rate across the CDP and CCDs is 84.13%.

22.56% of the population of the CDP and CCDs has a bachelor's degree or higher.

programs available for hiring veterans:

- **Heroes make America** program is a career skills program through the National Association of Manufacturers (NAM). At the end of the training, veterans will receive industry specific certification.
- **Hire Our Heroes** is a 12-week corporate fellowship program for management-level careers or civilian-equivalent jobs.

Killeen is home to a Business Park, which contains businesses such as USAMM (producer of military medals, ribbons, and uniforms), MGC Pure Chemicals America Inc.(processes hydrogen peroxide for semiconductor industry), Z-Modular (steel pipe and tube manufacturer), Solix Inc, First National Bank Texas (Backoffice), Atmos Energy (Gas), Pepsi (Vending Machine Refurbishing Plant), Harrington Plastics (Distribution Center), Bell Glass (Commercial Glass Company), and Ferguson Water Works. Texas A&M University of Central Texas occupies a new 662-acre campus provided by Fort Hood and the U.S. Army. The university serves over 2,500 full-time students. A virtual research park to incubate emerging technologies is being planned. There are plans to develop an Innovation District in the research park, which is a designated zone where public and private interests collaborate to attract existing businesses, entrepreneurs and business startups. The university conducts cutting edge research in alternative

energy, among other things, to develop new strategies to lower the cost of power generated by solar cells. The university's holistic research program addresses all levels of the global, photovoltaic supply chain.

Because of the large concentration of military employment, Bell County is likely to experience a moderate economic effect, compared to Texas at large, according to M. Ray Perryman, founder and CEO of The Perryman Group, an economic analysis firm based in Waco.

- In 2019 Killeen ranks 21st medium-sized city in Best for Veterans: Places to Live.
- In September 2018, Allstate ranked Killeen in the top 100 safest cities for drivers.
- In 2017, Killeen ranked 40th Nationally in Top 150 Cities for Millennials.
- In 2017, Killeen ranked 4th Most Recession-Recovered Midsize City.
- In January 2017, Wallethub.com ranked Killeen 4th Most Recession-Recovered Midsize City.
- In January 2017, the Bureau of Labor Statistics ranked Killeen 10th Nationally in Construction Job Growth.

Killeen's Public Protection Classification, determined by the Insurance Services Office (ISO), is Class 1. Just one-tenth of one percent of communities in the United States has achieved this rating. Only 26 Texas cities have received this classification. The rating lowered fire insurance premiums throughout the city.

Killeen's downtown buildings traditionally range in size from 1,000-2,000 square feet and are ideal for

scaling a company to 10-15 employees. Of the approximately 180 structures (consisting of around 1,045,700 square feet), about 97 structures (53.9%) are vacant. Consequently, active properties in the district lease for \$0.40-\$0.50 cents per square foot.

The Retail Trade Area for Killeen has 301,293 people in 2020 and is estimated to have 318,166 in 2027. 2022 retail demand was largest for food and drinking places at \$2.5 billion, and is expected to grow 2.39% by 2027.

Businesses moving to Killeen are able to go through an Incentive Negotiation Process by submitting an Economic Impact Data sheet with information on its operations and investment. The Chamber of Commerce will then perform an Economic Impact Analysis and submit to the EDC's Board for approval of a performance agreement for an incentive package. Available commercial properties in the Business Park can be found [here](#). Incentives include:

- **Build-to-Suit Option:** KEDC will consider a build-to-suit in exchange for a five- to ten-year lease agreement, with a five-year option to renew.
- **Job Creation Payments:** KEDC offers cash incentives based on premier paying jobs that are created in Killeen. Generally, if the prospect's business is in a Targeted Industry Cluster, an amount of \$2,500 or more could be offered for each job created. The amount is based on the Return on Investment back to the City of Killeen.
- **Tax Abatements:** Up to 100 percent of property taxes (excluding school district taxes, per state law) can be abated up to five years. Some exceptions apply to school districts having authority to abating property taxes.
- **Fast Track Permitting:** The City of Killeen offers Fast Track Permitting for companies meeting at least one of the following criteria –
 - Create a minimum of 50 permanent, full-time jobs within the first 12 months after its expansion or relocation to the City of Killeen; or
 - Create a minimum increase in property value of 300% for construction of a new facility; or
 - 50% for expansion of an existing facility for an investment of at least \$250,000 in taxable assets; or
 - Be a targeted industrial, commercial or service project eligible for incentives; or
 - Produce \$2 million in gross annual payroll.

Reduced or Free Land: KEDC and the Killeen Industrial Foundation own land in the Killeen Business Park. Land can be discounted or given free.

Employment Assistance: The Workforce Solutions of Central Texas offers the following complementary employment assistance –

Community Profiles

Nolanville

Fast Facts

2017 retail leakage study found that the largest industry leakage is occurring in food and drink retail, motor vehicle dealers, furniture and home furnishings, electronics and appliances stores, lawn and garden stores, health and personal care stores, gas stations, clothing stores, hobby and book stores, general merchandise stores, and restaurants. Major employers include A1 Freeman Moving Group, Foxworth Galbraith Lumber Company, Seneca Mechanical, and Specialty Restoration. Nolanville EDC's website also contains a retail market profile study detailing the purchasing behavior of Nolanville consumers that can be accessed on its site.

Nolanville EDC approved the incentive Business Improvement Grant Program in January 2016. The purpose of this program is to promote the development and expansion of new and existing business enterprises within the City. These grants can be used for façade, sign, and property improvements, as well as electrical and plumbing improvements, murals, and startup costs.

The primary industries Nolanville residents work in are public administration, retail, health care and social assistance, and educational services. The labor force participation rate is 73.6%. 37.3% of the labor force works in management, business, science, and arts occupations, 22.7% in sales and office occupations, 20.9% in service occupations, and 12.4% in production, transportation, and material moving occupations.

29.5% of the population has a bachelor's degree or higher.

Rockdale

Fast Facts

- **Population:** 5,323
- **Total Area:** 4.01 square miles
- **Median Household Income:** \$38,636

Population and Demographics

Rockdale had a population density of 1323.43 per square mile at the 2020 census. The racial makeup of the city was 52.49% White, 31.67% Hispanic or Latino, 11.37% African American, 0.3% Native American, 0.64% Asian, 0.54% from other races, and 2.93% from two or more races.

Location

Rockdale is a city in Milam County, Texas, United States. It is approximately 41 miles west of College Station. Rockdale is 52 minutes away from the Georgetown Municipal Airport and an hour and 9 minutes away from the Austin-Bergstrom International Airport. Fort Hood lies an hour and 14 minutes outside of the city.

Economic Assets

Over 16,000 vehicles per day travel the Highway 79 corridor through the heart of Rockdale. The Rockdale Municipal Development District (MDD) was created by voters in May, 2010 and began levying a 1/2 percent sales tax across the City of Rockdale and its extraterritorial jurisdiction outside city limits by a mile. The MDD helps the city and interested private or public entities in making the community a better place to live, work and do business. MDDs can develop and finance any permissible project as defined in Chapter 377 of the Texas Local Government Code and that benefits, strengthens and diversifies the economic base of the district. The Rockdale MDD can help with acquisition of land or construction expenses associated with a new business venture that creates primary jobs as well as help with incentives and grants for businesses. The MDD has implemented a city-wide facade and Infrastructure improvement incentive

Community Profiles

Available commercial properties can be viewed [here](#) and [here](#).

The primary industries Rockdale residents work in are retail, other services except public administration, educational services, and accommodation and food services. The labor force participation rate is 63.4%. 35.3% of the labor force works in sales and office occupations, 22.6% in management, business, science, and arts occupations, 16.1% in natural resources, construction, and maintenance occupations, and 15.4% in service occupations.

13.2% of the population has a bachelor's degree or higher.

Rockdale passed the required resolutions to become part of the Texas Property Assessed Clean Energy Program (TXPACE). The TXPACE Program incentivizes owners of commercial (including nonprofit, retail, healthcare and hospitality), industrial (including manufacturing and agricultural), and multifamily residential properties (with five or more dwelling units) to obtain low-cost, long-term financing for water conservation, energy-efficiency, renewable, and resilience retrofits. The Program allows cities and counties to work with private lenders for long term low interest financing of energy improvements that are paid back through a property assessment.

Temple

Fast Facts

- **Population:** 82,703
- **Total Area:** 76 square miles
- **Median Household Income:** \$58,284

Population and Demographics

Temple had a population density of 1088.2 per square mile at the 2022 census. The racial makeup of the city was 51.14% White, 26.22 % Hispanic or Latino, 14.66% African American, 2.55% Asian, 0.34% Native American, 0.19% Pacific Islander, 0.43% other races, and 4.46% from two or more races.

Location

Temple is a city in the northeast center of Bell County, Texas, United States. Located near the county seat of Belton, Temple is the second-largest city in Central Texas and is a principal city in the Killeen– Temple–Fort Hood Metropolitan Statistical Area. Located off Interstate 35, Temple is 65 miles (105 km) north of Austin and 34 miles (55 km) south of Waco. It is bordered to the southwest, on the opposite side of the Leon River, by Belton. Temple is situated within a relatively short drive of most of the major cities of Texas: 124 mi north to Fort Worth, 130 mi north-northeast to Dallas,[10] 65 mi southwest to Austin, 147 mi southwest to San Antonio, and 168 mi southeast to Houston. The city is located alongside the Balcones Fault with very mixed geography. Towards the east lies the Blackland Prairie region (a rich farming area), and towards the west, the terrain rises with low, rolling, limestone-layered hills at the northeastern tip of the Texas Hill Country. Temple affords easy access to Austin-Bergstrom International Airport, Dallas/Fort Worth International Airport, and Killeen-Fort Hood Regional Airport.

Temple

Fast Facts

establish or expand manufacturing and distribution operations. Lining the area's fast-growing I-35 corridor are corporate campus sites, healthcare districts and a planned corporate park. Temple also offers some of the most affordable industrial land in Central Texas for manufacturing and logistics and distribution operations. Land costs are 15% below the national average. The McLane Group is developing a Class A technology office park that is already home to some of Temple's key business support service employers. Housed within the Temple Medical and Education District are some of the state's largest healthcare systems, and ongoing redevelopment of the district includes the addition of residential and commercial neighborhoods. From 2009-19, there has been over \$2 billion in private investment in Temple, along with a 19% increase in jobs. Available commercial properties can be found [here](#).

The primary economic drivers are the extensive medical community (mostly due to Baylor Scott & White Medical Center – Temple) and goods distribution based on its central location between the Dallas-Fort Worth, San Antonio, and Houston metropolitan areas, and proximity to larger neighbors Austin and Waco. Temple's primary industries are manufacturing, business support services, health and life sciences, logistics and distribution, arts, entertainment and food services, educational services, and retail. Temple's manufacturing industry offers robust interstate and freight distribution infrastructure. This is due to its convenient access to Union Pacific and BNSF. Business services in Temple, Texas are driven by a local workforce generating success for market-leading companies. Temple's technically skilled labor pool is young, educated and growing. With a median age of 34.6, much younger than the national average, the local population has grown 15% over the last 10 years and the talent pipeline is steadily fed by the eight higher education institutions within 80 miles. Leading medical device, biotech and life sciences companies in Texas are setting down roots in Temple, including Baylor Scott & White Health, the largest not-for-profit healthcare system in the State of Texas and one of the top ten healthcare systems in the U.S, McLane Children's Hospital, the only children's hospital between Dallas and Austin, and the Department of Veterans Affairs Medical Center, the largest VA medical consortium in Texas and fourth largest in the United States. Temple has become one of the best cities for distribution centers because of the accessibility and convenience that it offers for top logistics companies to successfully operate here. Alongside Texas distribution centers from Walmart and H-E-B, industry leaders Performance Food Group and the McLane Company call Temple home. In recent years, R+L Carriers, Tri-Supply, KEG 1 O'Neal and Nortech Lubricant Distribution have invested millions of dollars in new or expanded logistics operations in Temple. Logistics and distribution workforce talent in Temple surged by 20% between 2007 and 2017 and is expected to continue growing by another 8.5% by 2022, outpacing national employment growth outlooks. Expanding businesses and corporate headquarters in Temple leverage the area's reliable transportation and infrastructure networks. Major employers in the region, including Walmart, Performance Food Group and other companies that specialize in distribution, warehouse and logistics, can move with ease and at costs less than the national average. Meta is investing \$800 million in a new data center in Temple. The labor force participation rate is 64.9%. 36.6% of the labor force is employed in management, business, science, and arts occupations, 20.5% in service occupations, and 19.4% in sales and office occupations.

Temple has census tracts designated as Opportunity and Enterprise Zones. The city is also a designated Texas Main Street Community and certified Film Friendly Community.
